Human Kinetics : Aquatech: Best Practices for Pool and Aquatic Facility Operators before purchasing it in order to gauge whether or not it would be worth my time, and all praised Aquatech: Best Practices for Pool and Aquatic Facility Operators:

0 of 0 people found the following review helpful. Very thorough book By Bookmamma This book helped my lifeguard daughters review what they had learned in pool operators training and start their summer jobs with confidence. It comes with a pull-out laminated chart of pool chemicals and water quantities (to be used on the job) to help the reader quickly calculate how much of which chemical is needed to treat the pool. 0 of 0 people found the following review helpful. Five Stars By Customer Amazing!

Operating the mechanical aspects of a pool or aquatic facility is a complex job that requires specialized knowledge and

skills. As a pool plant or aquatic facility operator, you strive to maintain an inviting and clean facility that you can be proud of and that your patrons can enjoy. To achieve the solid foundation you need for the operation and maintenance of your pool, look to AquaTech: Best Practices for Pool and Aquatic Facility Operators. AquaTech helps you master the fundamentals of aquatic facility care by explaining simply and clearly how pool systems work and how to maintain them. With AquaTech you'll learn-how swimming pool circulation, filtration, and disinfection systems function to provide clear, clean, and warm water;-how to maintain water quality through proper testing and monitoring and make evaluations and adjustments to diagnose and solve common water problems;-how to prevent the spread of recreational water illnesses and pathogens (bloodborne, contact, and airborne);-how to keep your facility attractive through routine, preventive, and seasonal maintenance; -how to prepare for a competitive event such as a swim meet; -how to safeguard your facility in the event of severe weather; and-important spa and warm water pool operation procedures, safety measures, and precautions. Easy-to-understand explanations of the key elements of pool care give you the practical knowledge to handle both day-to-day operations and troubleshooting situations. Plus, over 150 full-color photos and 19 detailed illustrations offer a visual depiction of commercial pool care procedures. Special best practices tables throughout the book highlight proven ideas for diagnosing, preventing, and solving common pool care troubles such as these: -Inadequate circulation or filtration-Disruptions in sanitation levels-Damage caused by unbalanced water-Pool workplace safety concerns. AquaTech was developed by Human Kinetics Publishers, Inc., as the course textbook for the AquaTech certification course, a fast-paced and interactive course designed to prepare individuals for the requisite competencies to operate a pool or aquatic facility according to U.S. and international training requirements. Using a combination of online study and on-site competency testing, the AquaTech certification course offers a flexible alternative to classroom-only certification methods. The online course gives you flexibility to fit the training into your busy schedule and shortens travel time. The increased accessibility through online study and the considerable cost savings over other certification programs (in both travel expense and course cost) make AquaTech certification a time-wise and affordable choice for your pool and aquatic operator certification. AquaTech: Best Practices for Pool and Aquatic Facility Operators gives you the confidence and knowledge to dive into your first day on the job and your new career in commercial pool care. Whether you're maintaining the pool plant systems, taking steps to reduce risk and increase safety, or tracking the condition of the pool water, use AquaTech as your handbook to make every day a clean and pleasant day at the pool.

About the Author About the Human Kinetics Aquatic Education Center The Human Kinetics Aquatic Education Center (AEC) was created in 2006 in cooperation with the Starfish Aquatics Institute. The AEC is dedicated to developing and delivering books, online courses, DVDs, and other resources that help save lives and promote aquatic activities worldwide. The AEC can be found on the Web at www.AquaticEducationCenter.com
