**Peter Piven : Architect's Essentials of Ownership Transition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Architect's Essentials of Ownership Transition:

0 of 0 people found the following review helpful. Five StarsBy CustomerBrilliant.0 of 0 people found the following review helpful. Buying InBy Charles C ColtharpIf you are either planning on selling your firm or buying into a firm I would recommend reading this book.1 of 2 people found the following review helpful. Essentials of Ownership TransitionBy James G. LutherThe book is small, but filled with very good information presented in an easy to

understand format. Well worth the price.

The majority of architecture and design firms employ fewer than ten people. As with any small business, the owner/principal of these firms must make plans for all of the eventual transitions that will impact the practice and any or all of the people therein. This book in the Professional Practice Essentials Series offers comprehensive advice on the subject, specifically tailored to the practicing design professional. Here, a noted consultant who specializes in architecture firm management addresses a host of vital transition issues, including growth, expansion, management changes, internal transitions, mergers, acquisitions, liquidations, retirements, and much, much more.

From the Back Cover Easy access to crucial business information for design professionals Find the concise, practical business information you need right now in the Architects Essentials of Professional Practice Series. These authoritative guides quickly make you an instant expert on the best business practices crucial for success in today's design and construction professions. Each portable, affordable, user-friendly volume gives you: Authoritative advice from leading national figures Flip-and-find access to critical business information Bulleted lists and callout boxes for quick reference Clear, insightful explanations of complex business topics Architects Essentials of Ownership Transition takes the guesswork out of buying, selling, merging, and other forms of design firm ownership transfer. It provides instant access to highly focused, very specific advice on all critical transition phases, including candidate selection, valuation, transfer mechanisms, implementing an ownership transition program, and more. Written by leading experts in the field, it is an indispensable resource for architects, landscape architects, interior designers, and other design professionals planning to participate in an ownership transition. About the Author PETER PIVEN, FAIA, is the Philadelphia-based Principal Consultant of The Coxe Group, Inc., the oldest and largest multidiscipline firm providing management and marketing consultation to design professionals. WILLIAM MANDEL, Esq., is a founding partner of the San Francisco--based MBV Law LLP, a law firm that specializes in merger/acquisition and ownership expansion programs for design professionals and other businesses.
