Marcia Reiss : Architectural Details before purchasing it in order to gauge whether or not it would be worth my time, and all praised Architectural Details:

2 of 2 people found the following review helpful. Great ReferenceBy ZvThomasDespite the diminutive scale this book offers a comprehensive outline of historical anecdotes and architectural vernacular from the classical to the contemporary period.0 of 0 people found the following review helpful. Architectural DetailsBy Melody DerrickGood coffee table book showing a lot of different styles; good for beginner handbook.

Doric, Ionic, and Corinthian are all types of classical columns. Many people know the terms, but how many can identify the characteristics that separate the three? This handy little guide provides visual examples in both photographs and illustrations of all three styles, plus dozens of additional design details. With this thorough sourcebook perfectly sized for slipping into a travel bag domestic, ecclesiastical, and commercial buildings will yield their architectural wonders to the curious observer. This laypersons guide to the identifying aspects of architecture includes a close look at doors, windows, stairways, turrets, steeples, and roofs, and features 350 full-color photographs that illustrate the

distinct characteristics from every style of architecture around the world.
