Winston Tumulad : ARTISAN: Iron Works Guide and Design Source Book before purchasing it in order to gage whether or not it would be worth my time, and all praised ARTISAN: Iron Works Guide and Design Source Book:

Finally a design book showcasing 170 pages of almost 1,000 iron work design ideas from classic to modern. It also has useful articles and design suggestions that you can surely use on your next iron works project, or simply, add on your design library as a resource book. This is very helpful if you are an architect, interior designer, constructor, iron work fabricator or someone who appreciates iron work as a work of art.
