**Anita Joggerst, Don Williamson : Best Garden Plants for Missouri** before purchasing it in order to gage whether or not it would be worth my time, and all praised Best Garden Plants for Missouri:

2 of 2 people found the following review helpful. Nice Missouri gardening book By BakinBits I bought this plant book for my daughter who lives in Missouri. It has a very nice outlay of plants for her area with necessary info on each (the writer is very familiar with Missouri). It has wonderful color pix which mean a lot when choosing plants for the

landscape. My daughter liked it and so did I! 3 of 3 people found the following review helpful. missouri plants By ki  
have purchased this book for myself and friends 3 or 4 times. it is compact, small, useful outside and shopping and  
helps with Missouri plants. 0 of 0 people found the following review helpful. Not what I expected. I wanted more detail  
on ... By J.L. Not what I expected. I wanted more detail on how to take care of plants. This is not the book for that, in  
my opinion.

A handy, easy-to-use reference of the plants best-suited for Missouri gardens and covering annuals, perennials, trees,  
shrubs, vines, climbers, roses, bulbs and herbs. St. Louis garden writer Anita Joggerst has co-written this great garden  
companion that features an abundance of beautiful photographs and information about each plant's special features, its  
habitat, height and spread, best soil, light and water conditions, and tips about the best use of the plant in your garden.

About the Author ANITA JOGGERST is an advanced master gardener in a joint program of University of Missouri  
Extension and the Missouri Botanical Garden. She is editor of the Heartland Horticulture newsletter and a garden  
writer for the St. Louis Post-Dispatch. DON WILLIAMSON, who has turned a passion for gardening into his life's  
work, has a varied background in landscaping, golf course construction and management and now garden writing. He  
also has extensive experience in the design and construction of both annual and perennial beds in formal landscape  
settings. Don has a degree in applied horticultural technology and professional certificates in turf management.
