1 of 1 people found the following review helpful. great transactionBy Anna L. GoemerI bought this for pennies. It was like new. Such a deal, thank you very much. Simple to read. Came fast.0 of 0 people found the following review helpful. A few good idea'sBy J.A.F.As promised.4 of 5 people found the following review helpful. Not quite that easyBy ReginaShopaholicEach of the 'twelve easy steps' are broken down into massive amounts of sub-steps. The B + D series is pretty descriptive, but thumbing through made me feel a little overwhelmed. Maybe easy for some, but you need some experience to take on this kind of a project!

Heres HowDecks offers the basics of building an entire deck from start to finish, at a price never before offered. For less than \$10.00, readers get complete instructions and illustrations for laying out and building a basic deck. Presenting this challenging project through a series of 12 easy-to-follow steps, the book makes deck construction easy and affordable for the value-conscious consumer. This book features the same quality information and world-class color photography made famous in the best-selling Complete Guide to Decks, but at a new, affordable price.
