Doreen Wallace : How to Grow Food: A Wartime Guide (Home Front Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Grow Food: A Wartime Guide (Home Front Handbooks):

In 1940, Doreen Wallace--novelist, social campaigner, and farmer--wrote *How to Grow Food* as part of Batsford's iconic Home Front Handbook series. With its chatty style and beautiful Brian Cook cover, the book became a wartime classic. Now, a new generation of home gardeners can reap the fruits of Wallace's experience. Full of practical advice and whimsical musings, this charming facsimile edition dispenses wisdom on everything from growing fruits and vegetables to keeping hens and pigs.

About the Author Doreen Wallace (1897-1989) was a prolific novelist and writer of short stories, poems, and nonfiction. She was a social campaigner, artist, teacher, academic, and also a farmer, with a particular expertise in growing vegetables.
