BohneAlthough I have installed several laminate floors myself, I still found helpful information in Gary's book. I wish I had read it before I did my first tricky install. This isn't one of those "shorty" books that are more of a pamphlet than a book...Gary gets right into the subject, and I really think he'd help you if you had questions.

Installing a laminate floor is not that difficult. I did it without the help of Gary's wisdom. If you are wanting to install your own laminate floor, but are approaching it with trepidation, pick this book up. It will answer just about any question you might have. 1 of 1 people found the following review helpful. Well Worth Your Time and Money! By LCarol This paper back book is very informative but also very boring - which I expected! I didn't think I'd be biting my nails as I read it so I gave it 5 stars because it was well written, informative and covered all the bases that I hadn't thought of! This is my first time attempting to laminate a powder room and I didn't foresee many topics that were included. Easy to read and worth your time and money. 4 of 4 people found the following review helpful. Fantastic Guide By Bruce Thompson Straight to the point informative. The only source you will need to select and install laminate flooring as a beginner, from the hardware store to completed room.

If you are looking for a definitive guide on how to install laminate flooring, this guide is it. DO NOT pay someone to install your flooring until you read it. This book takes you into the aisles to select the best floor. And then guides you all the way through to the end of your laminate flooring project.

About the Author Gary Johnson is a weekend warrior turned laminate flooring pro! "I got tired of paying others for work that I could do myself, with a little knowledge." I have a passion for installing flooring. And I pride myself on sharing information with others. The idea behind my books is to pass on simple and creative tips that will help you install the floor of your dreams, at half the price. You don't need to spend thousands to make your floor look amazing! I can show you how to do it for much less, and in simple step-by-step methods.
