**Fernando de Haro, Omar Fuentes : Ideas: Modern Homes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Ideas: Modern Homes:

Ideas Modern Homes is a collection of ideas on the use of color, light and design in architecture as performed by professionals on blueprinting a house. This series of pictures is accompanied by texts offering readers some practical tips for carrying out their own projects successfully.

About the AuthorFernando de Haro Lebrija and Omar Fuentes Elizondo, who have solid professional training that has

allowed them to specialize not only in architectural and interior design, but also in publishing art books.
